

Sheltowee Trace Shuttle Providers

The Sheltowee Trace Association works with commercial and private volunteers to organize shuttles for Trace users. Please reserve early, at a minimum 5 days before your trip is planned. Please refer to the chart below to contact the area's shuttle drivers. It is appropriate to make a donation to the volunteer drivers that covers their time and gas reimbursement. A good rule-of-thumb is \$.50 per mile round trip. Talk it over with the driver beforehand. The STA assumes no liability or responsibility for accidents or incidents while riding in a shuttle providers vehicle.

For your safety and well-being and that of our volunteer shuttle providers, please consider getting vaccinated for COVID-19 before you get in a shuttle. Some shuttle providers may require you to wear a mask. Thank you End to End (Terminus to Terminus) Shuttles:

Steve Barbour STA - 606 308 0625

Sheltowee Trace Adventure Resort- 800 541 7238 – Commercial provider. Call for rates.

Section Hiking Shuttles:

* Mile marker according to the current official Sheltowee Trace maps by Outraegis.

Please refer to our list of major trailheads with their mile markers (available on the website under "hiker resources").
